

WORKSHEET OUTPOST | Kindergarten Math

Compare solid-object features

Success criteria
I can tell how two shapes are alike and different.

OW-K-134 | Five questions

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. Which can roll in every direction: a sphere or a cube?

2. Which has 6 flat square faces: a cube or a cone?

3. Which has 2 flat circular faces: a cone or a cylinder?

4. Name one way a cube and a cylinder are alike.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
