

WORKSHEET OUTPOST | Kindergarten Math

Extra practice: more, fewer, or equal

OW-K-057 | Five questions

Success criteria

I can compare two numbers and tell which is greater.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. One group has 6 dots. Another has 8. Does the first group have more dots, fewer dots, or the same number?

2. One group has 9 dots. Another has 7. Does the first group have more dots, fewer dots, or the same number?

3. One group has 0 dots. Another has 0. Does the first group have more dots, fewer dots, or the same number?

4. One group has 8 dots. Another has 10. Does the first group have more dots, fewer dots, or the same number?

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
