

WORKSHEET OUTPOST | Kindergarten Math

Extra practice: flat or solid?

Success criteria
I can tell whether a shape is flat or solid.

OW-K-143 | Five questions

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. Is the shape flat (2-D) or solid (3-D)?

2. Is the shape flat (2-D) or solid (3-D)?

3. Is the shape flat (2-D) or solid (3-D)?

4. Is the shape flat (2-D) or solid (3-D)?

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
